

## PRESSRELEASE

### **PrimeKey delivers security solution to Bankgirocentralen**

The Swedish IT-security company, PrimeKey Solutions AB, has delivered a security solution to Bankgirocentralen BGC AB.

Since September 2009, Bankgirocentralen (The Swedish Clearing House of Payments) is running PrimeKey technology for certificate issuance and handling of electronic identities (eID) and payment verifications (OCSP) for the banking sector.

- Decisive for our choice of PrimeKey's solutions are the availability, flexibility and scalability of the system. Solid technology, great potential for development and no licence fees, are further reasons for our choice, says Gunnar Claesson, Senior Advisor for PKI Services at Bankgirocentralen BGC AB
- I am very pleased that Bankgirocentralen has entrusted us with delivering our solution that is now being used by more than 1,8 million users within the banking sector, says Konstantin Papaxanthis, CEO of PrimeKey Solutions AB
